CV

Multidisciplinary designer with 9+ years of experience, across transportation, furniture and spatial design.
I turn brand identity and ideas into distinctive experiences that strengthen user engagement and brand value.
Strong in concept development, product maturation, visualisation, materials and detailing.
I lead projects from early concepts to production-ready solutions, aligning with both internal stakeholders and external partners. Collaborative, hands-on and eager to contributing to projects that in one way or the other enriches their surroundings.

Experience
